Re: Recommendation of Sofia Zaslavsky

To Whom It May Concern:

I have worked on several projects with Sofia Zaslavsky relating to intellectual property litigation. Sofia did considerable research and drafting language for work I was involved with in certain IP-related litigation.

She was able to grasp the issues quickly and did an excellent job in presenting the materials she was asked to provide. Her writing and verbal skills are excellent.

Sofia is a very quick learner and able to develop her thoughts quite effectively. The work she did for me involved complicated trademark issues, which she had not previously been familiar with and contract issues involving breach of contract and damages relating to a software development project.

She is a registered patent attorney before the United States Patent and Trademark Office and quite knowledgeable in the patent field. I am aware that she represents numerous clients doing patent work, including helping set IP strategy and licensing transactional work, as well as patent preparation, filing and prosecution.

In addition to her legal skills, Sofia is a very pleasant person to work with and a good communicator. I highly recommend Sofia for IP-related legal work and would not hesitate to engage her in future projects in which I may be involved.

Sincerely,

Handwritten signature of Irving S. Rappaport in blue ink.
